Theories of Democracy

6 ECTS

Seminar (Online-Veranstaltung): Vergleichende Sozialwissenschaften: Vertiefung
Veranstaltungsbeginn: 09.11.2020 Mo, 9:30 - 13:30 Uhr

The aim of this seminar consists in familiarizing ourselves with theories of democracy that are relevant for national and transnational contexts. While we will read theoretic texts, we also take a look at realizations of democracy in the 21st century. In the first section of the seminar, we will concentrate on nation states, while the postnational constellation will be increasingly discussed in the second section of the seminar. Every topical session of the seminar will last three hours, but will be divided into two parts. The first part consists of a discussion of theoretic approaches, which will be based on thought papers that participants of the seminar have to turn in prior to each session. The second part deals with the application of these approaches to political regimes, spaces, and constellations.

Literatur: Held, David, 2006: Models of Democracy. Cambridge: Polity Press (Third Edition). Additional literature to be announced on moodle after october 1, 2020.

Hinweise zur Veranstaltung/zum Blockseminar: Participants need to be fluid in English; all literature and all discussions will be in English. 2.11. (90 min.), 9.11., 16.11., 23.11., 30.11., 7.12., 14.12., 21.12. (90 min.) Weitere Informationen finden Sie hier: <https://moodle.europa-uni.de/course/view.php?id=7956>
